September 1, 2011

Sheila Branon, Mountain Sector Superintendent (Acting)
Santa Cruz District
California State Parks
101 Big Trees Park Rd
Felton CA 95018

Dear Superintendent Branon,

Mountain Bikers of Santa Cruz (MBOSC) is a volunteer non-profit educational and advocacy organization dedicated to the promotion of mountain biking in a healthy and environmentally sustainable manner in Santa Cruz County. MBOSC is an affiliate club of the International Mountain Biking Association (IMBA) and we currently have 370 members, 391 subscribers to our mailing list and 869 members on our facebook group.

We support the Castle Rock Skyline Trail upgrade project and are very pleased that this project will be started November 1, 2011.

MBOSC has included a check for \$2,500 from our general fund towards the oversight and supervision of trail construction and for trail construction materials.

We understand that the funds will be placed in a contingency account specifically earmarked for this project.

MBOSC members are also willing to volunteer to help with the trail construction on this segment. Please let me know when you have a trail construction schedule and I can solicit volunteers from our membership.

Sincerely,

Mark Davidson
President, Mountain Bikers of Santa Cruz

Cc: MBOSC Treasurer
